

THE TRAFFIC DEBATE HAS BEEN BEGUN

SENATOR ALDRICH EXPLAINS THE BILL.

The Idea of the Upper House of Congress is to Produce Revenue Without Extreme Protection—Senators Give Notice of Amendments to Be Offered Later.

Washington, May 26.—The debate on the tariff bill began in the senate Tuesday, with crowded galleries and a large attendance of senators and the tariff leaders of the house.

Minor business claimed attention up to 2 o'clock p. m., when Senator Aldrich (Rep., R. I.), in charge of the tariff bill, had the measure laid before the senate, and took the floor for the opening speech. Without making invidious distinctions between the two bills, Mr. Aldrich clearly stated as the belief of the finance committee that the house bill would not yield revenue adequate for the needs of the government.

Mr. Aldrich yielded for a formal written notice by Mr. Vest (Dem., Mo.), member of the finance committee, stating that when the paragraphs were reached relative to beer, manufactured tobacco, snuff and cigarettes he would move to strike out the provisions relating thereto.

Mr. Quay (Rep., Pa.) asked if the vote on this motion to strike out could be divided, as he might support some of the propositions and oppose others.

Mr. Vest answered that the rules would permit separate votes.

It was agreed at the outset that the formal reading of the bill be dispensed with until it was considered by paragraphs, and then that committee amendments would be considered first, after which each paragraph would be open to general amendment.

Several senators gave notice of amendments to the bill which they propose to offer.

Senator Aldrich went over the entire tariff ground to his exposition of the features of the bill, his presentation occupying two hours in its delivery. The speech embraced about ten columns of newspaper space. Nearly one-half of it was given over to an explanation of the senate sugar schedule. The senator went over practically the same ground of the republican caucus Monday afternoon and so the matter was not new to that side of the chamber. In that part of the speech devoted to the house bill Senator Aldrich did not mince words or attempt in the slightest degree to soften the effects of the sledgehammer criticism of the ways and means committee's production. He stamped it as defective in many particulars and in its most essential features, and declared the conclusion and estimates submitted by Chairman Dingley and his associates as incorrect and misleading. His unsparing criticism of the house measure made further explanations as to the reasons and necessity for its radical reconstruction at the hands of the finance committee unnecessary.

The senator was brief and direct in his arguments showing the necessity of imposing a temporary tax on beer, tobacco and tea, without which he estimated that the revenues of the country for 1898 would fall short \$29,000,000. He said that it was the conviction of the framers of the bill that beer should bear its proportionate share of the burden of carrying on the government, and that opposition to the internal revenue provision of the bill could not be made on tenable grounds.

With the presentment of the Republican side of the tariff case by Senator Aldrich the senate battle may be said to have fairly opened and there will be no let up until a final vote is reached. The Republicans have fully decided to concentrate all energies upon the one point of expediting action. It is realized that the real struggle over the great schedules about which hot differences are aroused will be when the conference committees of the two houses lock horns, and there is a general desire to hurry the day when the measure is thus consigned. Tariff laws are made in conference more than they are by the independent action of either branch of congress, and the heavyweights are reserving their strength for that interesting and vital period.

Opinions differ as to the time of arriving at a vote, but the estimate most frequently heard is July 1, with an additional thirty days for conference consideration. Opposition to the beer tax among Republicans seems at this stage to center largely with Senators Hanna, Spooner and Platt, of New York. Whether or not this opposition will defeat the internal feature remains to be seen. The general impression is that the bill will contain the internal revenue provision about as now agreed upon when presented for executive approval.

Cullom Introduces Pooling Bill.

Washington, May 26.—Senator Cullom Tuesday introduced by request a bill to amend the interstate commerce law. The bill prescribes relations for pooling, requiring that pooling contracts shall not extend beyond five years, and that they shall name the maximum and minimum rates to be charged, requiring the approval of the Interstate Commerce Commission before the agreements can become effective.

tive. The bill provides for a complete revision of the interstate commerce law.

For the Iowa Campaign.

Des Moines, Iowa, May 26.—The state convention of the Populist-Silver party will be held in Des Moines June 23 to place in nomination candidates for the offices of governor, lieutenant-governor, judge of the Supreme court, railroad commissioner and superintendent of public instruction. The call was issued Tuesday. The total representation will be 1,215. Ex-Gov. Horace Boies, the silver Democratic leader, has written a letter from his home in Waterloo in which he says he will not accept the nomination for governor on the fusion ticket this fall.

Work of Illinois House.

Springfield, Ill., May 26.—In the house Tuesday Mr. Avery's bill amending the law in regard to fraternal beneficiary societies was passed by a vote of 114 to 9. Mr. Enry said its principal object, so far as it affected the Modern Woodmen of America, was to enable the convention of the order to determine in what city the state headquarters shall be maintained. Mr. Buckner's bill revising the military and naval code of Illinois was passed with the emergency clause. An investigation into the riotous doings last Thursday was ordered.

Miners Leave Their Work.

Brazil, Ind., May 26.—The Joseph Sommer Coal company notified its men Monday that they would hereafter be required to mine coal at 47 cents a ton, a reduction of 4 cents. The offer was refused, and the miners abandoned the mine. It is thought other companies will make a like reduction.

Iowa Prohibitionists to Meet.

Des Moines, Iowa, May 26.—The Prohibitionists of Iowa have been called to meet in state convention June 29 in Des Moines, for the purpose of selecting candidates for state offices. They will also choose a state central committee. The total representation will be 506.

Bolin in a Cell.

Lincoln, Neb., May 26.—Henry Bolin was placed in the penitentiary Tuesday to serve a term of nineteen years for stealing \$100,000 while city treasurer of Omaha. He expressed the hope that his sentence would be reduced or modified in some way.

Spanish Mission Offered Hitt.

Washington, May 26.—President McKinley some days ago offered the post of minister to Spain to Representative Hitt of Illinois and urged him to accept. Mr. Hitt took the matter under consideration but will probably decline.

Don't Want Haughey Pardoned.

Indianapolis, May 26.—The Central Labor Union has adopted resolutions asking President McKinley not to pardon T. P. Haughey, who is serving a sentence in the Michigan City prison for wrecking the Indianapolis National Bank. The typographical union lost a large amount through the failure, and a number of poor persons were also sufferers.

NO PEACE IN SIGHT ACROSS THE WATER

EASTERN SITUATION AGAIN LOOKS WARLIKE.

Significant Warning Said to Have Been Given to King George by the Emperor of Russia—Turkey Sending More Troops to Thessaly—For Governor of Crete.

London, May 26.—The aspect of eastern affairs is less peaceful. Turkey is sending 7,000 more troops to Thessaly, and it is said that the sultan has promised his ministers not to relax his hold upon that province.

The note of the powers certainly does not yield on a single point, and states even that the peace conference must be held at Constantinople, and not at Pharsala, but the sincerity of both Germany and Russia is doubted, and any sign of dissension among the powers makes for obstinacy on the part of the sultan.

It is reported from Vienna that Emperor Nicholas has advised King George, for his own safety, to appoint a military governor with exceptional powers and to concentrate 8,000 picked troops at Athens.

A dispatch to the Daily News from Constantinople says that the identical note of the powers which was presented to the Turkish government Tuesday, embodying of peace to which they agree declines to permit the abolition of the capitulations in the case of Greek subjects or the annexation of Thessaly, but is much milder in tone than was at first understood. The correspondent of the Times says the note expresses the views of the powers "in a deferentially suggestive form."

Sensational Dispatch from Athens.

London, May 26.—A dispatch to the Standard from Athens says: "The Embros publishes a sensation in a telegram from Lamia declaring that the British men-of-war at Volo prevented the landing of guns and ammunition from a Russian man-of-war for the use of the Turks. The story is probably untrue, but it indicates the prevailing distrust of Russia."

For Governor of Crete.

London, May 26.—A dispatch to the Standard from Berlin says the powers, including Turkey, have assented to the appointment of Prince Francis Joseph of Battenberg as governor-general of Crete.

Think Johnson Hid Funds.

Indianapolis, Ind., May 26.—The belief that President Johnson has taken funds from the Logansport bank and secreted them caused a sudden change in the plans of the federal authorities, and when the grand jury met Tuesday it was determined to enter at once upon the investigation. Johnson will hardly be called till the jurors have familiarized themselves with the condition of affairs from the books, and are thus in a position to understand the evidence brought out by interrogating Johnson.

Labor Meeting Adopts Resolutions.

Des Moines, Iowa, May 26.—The State Federation of Labor adopted resolutions endorsing the Temple amendment and urging its passage by the next legislature, expressing sympathy with Cuba, declaring in favor of municipal ownership of electric-light plants, water systems, street railways and telephones, favoring the abolition of the poll tax and the raising of funds for public improvements by general taxation, instead of taxing abutting property.

Merriman Tax Bill Passed.

Lansing, Mich., May 26.—The Merriman bill, which increases the specific taxes of Michigan railroads about \$200,000 annually, was passed by the lower house of the state legislature Tuesday. The bill as passed is the result of a compromise between the house and senate, the former body having voted to raise the taxes about \$500,000, while the senate agreed to the bill providing for an increase of \$170,000.

Annual Equal-Suffrage Meeting.

Waukegan, Ill., May 26.—The annual meeting of the Illinois Equal-Suffrage association will open here Thursday and close Friday night. Among others who will be here are Mrs. Helen M. Gougar of Lafayette, Ind.; the Rev. Olympia Brown, president of the Wisconsin Equal-Suffrage association, and Mrs. Martha B. Conine, member of the Colorado legislature.

Miners to Stay Out.

Minonk, Ill., May 26.—No work has been done in the Minonk shaft since May 1, and the miners have decided to stay out in support of the Spring Valley men. They claim they cannot make a living at the proposed price, as there are men here who did not average \$1 a day under the old scale, which is 18 per cent higher than the one proposed.

B'Nai B'rith Elects Officers.

Indianapolis, Ind., May 26.—The grand lodge of B'Nai B'rith adjourned Tuesday after electing the following officers: President, F. S. Spiegel, Cincinnati; first vice-president, M. Friedman, Denver; second vice-president, S. Bowman, St. Louis; secretary, Victor A. Brams, Cincinnati; treasurer, Morris Bauer, Cincinnati.

POWER OF OFFICERS IS TAKEN AWAY

PRESBYTERIANS MAKE A RADICAL MOVE.

One Secretary to Take the Place of Two in the Presbyterian Office at New York, and Assembly to Govern the Use of Legacies—Other Proceedings.

Eagle Lake, Ind., May 26.—When the long fight over the Presbyterian building in New York was finished Tuesday by a practically unanimous vote to sustain the majority report of the committee the commissioners to the general assembly rose to their feet and sang "Praise God from whom all blessings flow."

A rule was adopted on Dr. Withrow's motion, providing for the disposition of funds in the future for current expenses or according to the laws relating to trusts. If this is not done, money must be held by the boards for instruction from the assembly. The purpose of this is to forbid the use of money for the cancellation of the debt on the Presbyterian building except after authorization from the church.

One point of Dr. Withrow's report that pleased the assembly was regarding the ruling made by the attorney-general of the United States that the grant of land for a catholic chapel at West Point is illegal. It was doubly applauded when Dr. Withrow reminded the commissioners that the attorney-general is himself a catholic.

The Rev. John D. Hewitt of Emporia, Kas., chairman of the committee on home missions, presented his report. The Rev. Dr. W. C. Roberts, one of the two secretaries of the board, spoke concerning the work of the last year and explained that the debt of the board is actually some \$15,000 less than was shown on the books at the close of the fiscal year by the receipt of cash gifts from some who had intended to bequeath money by will.

The adoption of the resolution directing the employment of but one secretary in the future for the home mission board was fiercely opposed, and its final success will work many changes. Some assert that neither Dr. Roberts nor Dr. McMillan can remain, and that it is more than possible that Dr. Kane may be the new secretary to succeed them both.

A cablegram was received in the afternoon, dated at Balmoral castle and signed by the secretary of Queen Victoria, conveying the thanks of the queen for the message sent her Monday.

UNITED PRESBYTERIAN ASSEMBLY.

Forecast of the Meeting Which Opened To-Day at Rock Island, Ill.

Rock Island, Ill., May 26.—The thirty-ninth general assembly of the United Presbyterian Church of North America convened in this city today. About 300 delegates, ministerial and lay, representing all parts of the United States and Canada, with representatives from the missionary presbyteries of Egypt and India, are in attendance. The United Presbyterian church is one of the smaller denominations, but its missions in India and Egypt are among the most successful in the world. Its work in the home mission field and among the freedmen of the south has been effective. Higher education receives a great deal of attention in the denomination, and among the many academies, seminaries and colleges supported by the church, Monmouth college holds high rank.

There is no great question to come before the assembly for discussion. The young people's work will command some attention, and the report of the committee appointed last year "to confer with the president and officers of the Society of Christian Endeavor, to ascertain what, if any, relation can be established between the Young People's Christian union, the denominational organization, and the Society of Christian Endeavor," is likely to provoke some discussion. But it is thought this assembly will be pre-eminently missionary.

Baptists Snub Mr. Cossum.

Pittsburg, Pa., May 26.—It was a noticeable fact that when the returned Baptist missionaries held the platform at the Fourth Avenue Baptist Church Tuesday, telling the Missionary Union convention of their work in foreign fields, the Rev. W. H. Cossum, of Ningpo, China, who made the sensational remarks about John D. Rockefeller Monday, was sitting in the audience under the brow of the side gallery. The Rev. E. Tribolet, a missionary from Burmah, said that he would not object if some American millionaire were to give \$1,000,000 to found a university in Burmah. This statement, in contrast with Mr. Cossum's remarks, was greeted with applause.

The delegates have left for their homes.

To Appoint a Coadjutor.

Davenport, Iowa, May 26.—The annual diocesan convention of the Episcopal Church of Iowa assembled here Tuesday with a large attendance, special interest being felt throughout the diocese in the proceedings on account of the demand that has sprung up for the appointment of a coadjutor bishop. Thirteen members of the convention were appointed to act as an advisory

financial committee in consultation with the bishop regarding the appointment of a coadjutor.

Talk of Home Missions.

Pittsburg, Pa., May 26.—The morning session of the general synod of the Reformed Presbyterian Church was occupied almost entirely by short talks on home missions and the best methods of carrying on the work.

MANY HOUSES SWEEP AWAY.

Hundreds Are Left Homeless at El Paso, Texas.

El Paso, Tex., May 26.—At 1 o'clock Tuesday morning the fire alarm sounded to arouse the people in the lower part of the city and notify them that the levee had broken and that the flood waters of the Rio Grande were rushing like mad spirits through the city. The levee which broke was on the bank of the canal on Stanton street. The river had reached its highest point since 1891. In a few minutes a large force of men were at work trying to check the angry waters with sacks filled with sand, but a second break above backed up the water on the workmen and they had to retire. The Texas & Pacific Railway, realizing that hundreds of families were being flooded from their homes, backed in a large number of empty freight cars for the accommodation of the homeless.

Not less than 120 homes were swept away, and several hundred men are at work on a new levee. They threw up an embankment on Third street to try and check the advance of the water, which is running over one of the International Street Railway bridges. The splash of the walls of houses as they crumble and fall is mingled with the cries of frightened women and children who are driven from their homes. People residing in the lower homes and moving to the foothills of Mount Franklin.

Several hundred families are now housed in freight cars standing in the sea of water. Should the improvised levee in Stanton street break the water will flood the business portion of the city. The ringing of the fire bell saved the lives of many people who were asleep, ignorant of their danger.

Senate Passes Merriam's Bill.

Springfield, Ill., May 26.—Whether or not the custodians of public funds shall continue to be allowed to fatten their private bank accounts by placing the funds out at interest now rests with Gov. Tanner. Representative Merriam's bill, which passed the house recently, repealing the law authorizing such public officials to loan the funds in their keeping, and making it a penal offense to make such loans, was approved by the senate Tuesday and now awaits the signature of the governor.

Home Mission Committee Adjourns.

Monmouth, Ill., May 26.—The United Presbyterian committee of home missions, which has been session for the past week, adjourned last evening to meet at 3 p. m. to-day at Rock Island, where the general assembly will convene this evening. Reports show that the committee had made appropriations aggregating \$102,258. As there are 111,000 members, the appropriation is less than \$1 per member.

Cannon Wrecks the Hall.

Galesburg, Ill., May 26.—At about 2 o'clock Tuesday morning the citizens living around Knox college park were awakened by a terrific explosion. Later it developed that some one had broken into the Knox college gymnasium, loaded a large cannon belonging to the local artillery company and fired it off. The force of the explosion broke the windows, splintered the casings and damaged the walls.

Schooner Loses Her Crew.

Provincetown, Mass., May 26.—The fishing schooner Joseph P. Johnson arrived Tuesday afternoon with her death flag displayed. All her fishing crew of sixteen men went astray in the fog on the western banks on Friday last. The schooner was seen working her way slowly past Race Point with only two men on board, and her nest of dories missing. Nearly all the men lost have families and all live here.

Philadelphia Strikers Have Won.

Philadelphia, Pa., May 26.—The strike of the garment-workers in this city was practically ended Tuesday in favor of the strikers. At the headquarters of the strikers' committee each contractor was admitted to the hall alone and signed a bond in the sum of \$200 that he would faithfully observe the agreement for the advance demanded for one year.

Father and Son Dead.

New York, May 26.—Charles K. Hillyard, 50 years old, a well-known lawyer of Brooklyn, shot and killed his 13-year-old son, William, and himself, Monday night. Their bodies were found in a bedroom in Hillyard's elegant home. Mr. Hillyard's wife died last October, and since then he had been subject to melancholy, and at times was deranged.

Nine-Year-Old Murderer.

Webster City, Iowa, May 25.—At Mingo Tuesday morning during a quarrel between two sons of Joseph Neal, James, who is only 9 years old, fired a bullet at his brother George, aged 16, killing him instantly.

WISCONSIN W. C. T. U. DOING GOOD WORK

ANNUAL CONVENTION IS HELD AT APPLETON.

Two Hundred Delegates Were in Attendance—The Reports Show that the Association is Prospering—Three Thousand Dollars Taken In and Expended in the Campaign.

Appleton, Wis., May 26.—The twenty-third annual convention of the Wisconsin Woman's Christian Temperance Union met here Tuesday, with about 200 delegates and as many visitors in attendance. The report of Corresponding Secretary Alice A. Ames, Madison, showed the total number of unions in the state to be 186; active members, 3,400; new unions, 14; unions discontinued, 17. The membership shows a slight increase over last year. Loyal temperance legions, 51; membership, 2,000; Young Women's Christians Temperance unions, 4; membership, 80; saloons and places where liquor is sold in the state, 7,220. The report of Treasurer Mrs. Ida M. Cooke, Green Bay, showed receipts of \$3,000, largely from dues; expenditures the same.

All Depends on Reed.

St. Louis, May 26.—Congressman Bland of Missouri is here to make several speeches in the first congressional district. Speaking of the Morgan resolution Mr. Bland said: "Two-thirds of the members of the house are uncompromisingly in favor of its adoption but Mr. Reed is to all intents and purposes the lower house of congress and the mere fact that two-thirds or three-fourths of the members want any measure adopted counts for nothing against his wishes. It is said that he is opposed to the recognition of the Cuban revolutionists, and if this is true it matters not what all the other members of congress want—the Morgan resolution will never be voted upon at the present term of congress."

Charge Against Durrant Juron.

San Francisco, Cal., May 26.—The latest efforts to induce Gov. Budd to grant a reprieve to Theodore Durrant came in the announcement that John E. Perdy, a bookkeeper, has furnished proof that Juror Samuel E. Dutton had expressed the opinion that Durrant was guilty and should hang. According to Perdy's statement, Dutton expressed this opinion in conversation in a saloon. Dutton says he has no recollection of this incident.

With Assets of \$600,000.

Lexington, Ky., May 26.—William Tarr, the well-known Kentucky farmer and distiller, assigned here today to R. P. and James S. Stein, with assets at \$600,000. Tarr & Co. also assigned to the same men, with assets of \$60,000. The failure is the largest in the state in recent years. No schedule of liabilities has been filed, but William Tarr and Tarr & Co. are deeply involved, William Tarr having indorsed paper for many of his friends who have failed.

Governor Will Go Slow.

Sacramento, Cal., May 26.—Gov. Budd has given out the statement that he would not make the announcement in the cases of Theodore Durrant and S. D. Worden, petitioners for executive clemency, before Thursday or Friday of this week, and he would then make his decision known in both cases. Worden's sentence is for train wrecking during the railway strike three years ago.

Unitarian Society Convenes.

Boston, May 26.—The seventy-second anniversary session of the American Unitarian Association was begun in this city Tuesday. The treasurer's report showed the year opened with a balance on hand of \$1,288.24, and ended with a cash balance of \$1,920.88. This year the receipts exceed the outlay by \$6,224.

Fruitless Appeal to Sagasta.

Madrid, May 26.—The president of the chamber of deputies, Senor Pidal, in the name of the majority, has begged Senor Sagasta, the Liberal leader, to persuade the Liberals to resume attendance upon the sittings of the cortes. Senor Sagasta refused.

Specie Payment Is Suspended.

New York, May 26.—The Herald's correspondent in Guatemala cables that the government has issued a decree suspending specie payments for six months. The banks will lend the government 1,500,000 pesos, to be repaid in six months in silver.

Elevator Bill Is Passed.

Springfield, Ill., May 26.—The elevator bill giving warehouse owners the right to deal in grain passed the house Tuesday by a vote of 101 to 27.

Boy Kills His Father.

Jacksonville, Ill., May 26.—William Carroll, a mechanic of this city, attempted to kill his wife. His son remonstrated and Carroll rushed at him, threatening to take his life. The boy seized a gun and shot his father, the load severing an artery, from which he died.

GOVERNMENT CROP REPORT

Warm Weather Is Needed In Wisconsin—Rains Retard Planting.

The government crop report of Wisconsin says: "Liberal rains in all parts of the state except southern counties. Frosts on Friday and Saturday mornings did some damage to tender plants, but little damage to fruit. Corn planting retarded by rains. Oats, spring wheat and rye doing well. Warm weather needed."

FINE BICYCLE CLOTHING.

Zeigler Has Individual Styles and Patterns For Wheelmen.

When a man buys clothing for cycling, golfing or other outdoor sports the first thing he thinks about is the cloth. He wants suitable fabric of appropriate and stylish pattern, attractive goods that will stand hard wear, and colorings that will resist weather and dust. The next thing he considers is the making. He wants to know that the suit will fit, that it will hold its shape and look right when he puts it on. Another thing—the cyclist may not care how many riders have wheels like his own—but he seeks individuality in his costume. When he wears his suit he does not care to see one of similar character on the back of every third wheelman he meets. The price, too, is an important consideration. Now, the success of the T. J. Zeigler line of bicycle clothes this year is due to the fact that they are made according to the wheelmen's idea of what a wheel suit should be. They please the rider and that is everything. The commendation of wheelmen as a class is the strongest endorsement that a line of bicycle clothing can possibly have. Zeigler's suits have this.

As to the making of the best suits shown this year—The coat has welt seams, double stitched edge, three patched pockets outside with flaps and buttons, pump pocket and one ticket pocket inside both with flaps and buttons. The pants have two hip pockets with flaps and buttons, cord seams, straps and buckle at the knee, double reinforced seats and four loops for the belt. The seams are sewed with heavy silk thread, the cloth is thoroughly sponged and shrunk before cutting and killed workmen are employed in the making. Shape and beauty are worked into every garment by careful and conscientious tailoring. These are mere details. Whether greater credit belongs to the designer or the tailor, the result of their work is that the suits possess a fine originality that separates them from everything in the usual category of outing apparel. They are tasteful distinctive, and while there is nothing loud or conspicuous about them, they have a style and grace of their own that set off the wearers figure to advantage and distinguish him in any company of riders as a man well and appropriately dressed.

Out of nearly two hundred styles about thirty have been selected, making an assortment which has proved most popular and from which any taste can be satisfied. For example there are the following:

Gray English tweed bicycle and golf suits of pure wool, in three shades of light, medium and dark gray, with single cardinal thread and a touch of green. An exceedingly rich but modest combination that has been greatly admired.

Dark brown broken plaid, all wool Cheviot golf suits, striking pattern of dark brown plaids, very stylish.

Rich tan mixture, with faint cardinal cross bars.

Medium olive brown mixtures, with amber thread, also invisible plaids, in dark red, brown, and russet tints.

Fancy gray invisible plaid Scotch cheviots, styles that are not to be surpassed for beauty and durability. They show their superior quality.

Fancy cheviots in dark gray back grounds, with brown checks and small scarlet threads; also striking invisible and broken plaid cheviots from the Scotch looms.

The new clive and brown shades, Scotch patterns in combinations of rich tints, checks, broken bars and invisible plaids; high class in every particular and tailored as befits their quality.

All wool Canadian homespun light tones overshot with tan a popular and stylish thing.

From this line as will be seen the most critical can be satisfied.

The Zeigler bicycle suits attracted no end of attention as one variety after another has been shown in the display windows this month, and it is a frequent comment "there goes a Zeigler suit" as a rider especially well attired spins by on his wheel. No attempt has been made in the list just given to indicate the full extent of their stock and a visit to the department will richly repay you.

The line of suits is supplemented by a line of bicycle and golf caps that surpass in richness anything which the city has seen in past seasons. The McGeorge imported golf stockings have also added tone to the display and make the Main street window very attractive.

ROCK RIVER MEETING A SUCCESSFUL ONE

SEVENTH DAY BAPTISTS FINISH THEIR WORK.

The Attendance was Large and the Papers Interesting and Instructive—Some of The Workers Present, and the Program Presented—A Week's News From Center Town.

Rock River, May 26—The Seventh-Day Baptist quarterly meeting was held at this place from Friday morning until Sunday evening. The attendance was very good on Sabbath day and Sunday. The following papers were presented on Friday:

Evangelism and the Pastorate.....George W. Burdick
How Can the Sabbath-Keeping Be Made a Greater Help to Spirituality?.....L. B. Tolbert, of Milton
What Is the Scientific Doctrine of the Person of Christ?.....L. A. Platts, of Milton
How Can Religious Growth Be Best Promoted in Connection with Intellectual Culture?.....E. B. Shaw, of Milton
What Is Justification by Faith, as Taught by Paul to the Romans?.....L. L. Mason, of Waiworth
What Is the Meaning of the Phrase "The Time of the Gentiles Be Fulfilled"?.....W. D. Tiekner, of Milton Junction
What Are "The Keys of Heaven"?.....E. A. Witter, of Albion

The papers were all very helpful and instructive. On Friday evening a sermon was preached by Elder George W. Burdick of Milton Junction. At eleven o'clock a sermon was given by Elder E. A. Witter of Albion. Sabbath afternoon at three o'clock a sermon was given by Rev. S. L. Maxon, Waiworth, Sabbath evening, at 7:30 p. m. Song service led by Charles Sayre, and conference meeting under the charge of E. B. Saunders Sunday at 10:30 a. m. sermon by Rev. L. A. Platts of Milton. Sunday afternoon at 2:30 p. m. exercises of the Young People's Christian Union, conducted by Prof. P. L. Clarke, the president. Among others who attended the quarterly meeting were D. K. Davies of Chicago; Mrs. Mattie Wilson or Edgerton; Mrs. T. V. Rogers of Whitewater; Mrs. Frank Story from Harmony; Will Burdick of Jackson Center, Ohio; Will Wells from California, and many delegates from S. D. B. church of Milton, Albion, Waiworth, and Milton Junction. Miss Edna Richmond spent Saturday and Sunday at her home at Lima. The meetings which have been conducted here by E. B. Saunders of Milton assisted by Charley Sayre of Waiworth, Iowa, for the past three weeks closed Sabbath evening. Mr. and Mrs. Marshall Coon, of Milton Junction, spent part of last week with Mr. and Mrs. Wade Loomis. Mrs. T. V. Rogers and children of Whitewater, visited her parents from Friday until Sunday. The roads are receiving some much needed work with Mr. Joseph Babcock as "boss."

SOME NEWS FROM CENTER.

The Showers Did Much Good—Personals and News Items.

The showers the last of the week were acceptable though they were light. Mrs. Emma Fisher is on the sick list. Dr. Loomis of Janesville, is attending her. Mrs. William Smith of Evansville, was the guest of her sister, Mrs. William Stevens, the last of the week. Mr. and Mrs. John Crall were called to Broadhead last week to care for a sick niece. Mrs. C. S. Crow of Janesville, attended services here on Sunday, as of old. Mrs. Becca Smith will close a very successful term of school on Friday with a program in the evening. All are invited. Mrs. William Cory and Lynn are visiting friends in Madison. Mr. Cory went a week ago, being on the grand jury. Miss Myrtle Sadler has three weeks more school in district No. 2. We understand she is not going to teach there the coming year, as she is engaged in district No. 1. Miss Minerva Owen of New York, is spending a few weeks with her brothers, George and Milton. The many friends of John Fisher are glad to see him able to be at home again. A daughter arrived at the home of Otto Long on May 20. F. E. Wright is building a new fence in front of his residence, which was a long felt want. P. H. Torpy went fishing last week, bringing home a fine string. Miss Kate Spencer has a large music class this season. Mr. and Mrs. Frank Pepper spent part of last week at Lake Koshkonong, visiting Marvin Downing and wife. Gilman Austin returned to his home in Janesville on Saturday. Three of our young men are soon to wed. The chosen brides are from Footville, Albany and Whitewater.

TWO WHEELMEN OUT ON TRIPS

Cyclers Are Riding From Minneapolis to New York On Bikes.

Two wheelmen passed through the city yesterday on their bikes, being on their way from Minneapolis to New York. They are taking their time in making the trip and expect to occupy about two months in completing it. They are traveling economically as they have their cooking paraphernalia strapped to their wheels and are running their own commissary department.

ROBERT BEAR who has been spending the winter at the Hygeia Sanatorium, Alabama, is thriving nicely in Wisconsin climate. He has taken up his residence on his father's farm four miles east of the city and will rusticate and do light work receiving the benefits of fresh air and rural life.

CHRIST KLOPFENSTEIN died Saturday at the county asylum, at the age of fifty-nine years. He is survived by two daughters, Mrs. A. W. McCarthy, of Seattle, Wash., and Mrs. H. M. Long, of Chicago; and two sons, Joseph and Ernest of Beloit. The funeral was held yesterday at 1 o'clock, from the town hall in Newark, Rev. W. A. Spinney officiating.

DR. F. L. GLENN of Chicago, son of A. M. Glenn of this city, has recently received the following appointments in Chicago organizations: Examining physician for the Columbian Knights and the United Order of Foresters; and the attending physician for the Equable Hospital association, which is an organization which pays weekly benefits and furnishes a physician.

JOHN T. MURPHY of Belmullett, county Mayo, Ireland, is the guest of Mr. and Mrs. Thomas McClernan, 58 Lincoln street. Mr. Murphy was at one time a resident of Janesville. He will remain in America several weeks, visiting friends in Wisconsin, Minnesota, Michigan, Chicago, Indianapolis, Pennsylvania, Philadelphia, New Jersey, Brooklyn and New York. Mr. Murphy is extensively engaged in trade in Ireland, and is also paymaster and superintendent of public works on the Irish coast.

NORMAL SCHOOL CONTRACT.

A Milwaukee Firm Will Erect the New Building at Whitewater.

The state board of normal school regents met at the office of the architects, H. C. Koch & Co. at Milwaukee, yesterday, and awarded the contract for the construction of the large building to be erected during the summer at Whitewater. The contract for all the work, except the plumbing and steam heating, was awarded to Bonnett, Michie & Co. of Milwaukee, whose price is about \$20,000. Work is to be commenced at once and the building is to be ready for occupancy by September 1. The contract for the steam heating will probably go to the H. Mooers company, and the plumbing to W. H. Haley, all of Milwaukee. The entire cost of the building is to be \$25,000.

The new building is to be 72x112 feet in size, three stories in height, and of brick, with stone trimmings. It will adjoin the present building on the south and will form one large building by throwing the old and new together. H. C. Koch & Co. will have supervision of the construction, as architects.

"STRINGERS" CLUB TO MEET

Janesville People Invited To Attend the Rockford Meeting.

Several Janesville people have been invited to attend the picnic of the "Stringer club" at Rockford on June 27. This will be the fifth outing of the Stringers. Organized in a very quiet way the Stringers' club has grown to be famous, and invitations to its outings are highly prized. There were thirty-five young men present at the first outing of the club. The second year there were ninety-eight, and the third year the number was 250. Last summer the picnic brought out 400 people, many being present from outside towns. This year it is expected the guests will number 1,000.

About 1,200 invitations will be issued. They will be sent out the second week in June. Delegations will be present from Beloit, Belvidere, Chicago, Elgin, Janesville, Freeport and Peotonia. The Chicago folk will come in a special car and Beloit and Janesville people will have another. Probably 100 will be present from Chicago.

TO ATTEND THE JUBILEE

Janesville Will be Represented at the Queen's Celebration.

The present indications are that Janesville will be represented at the Queen's jubilee to be held in London on June 23. The members of Adam Holts family who left this city last week expect to be present. Victoria Alexander, queen of Great Britain and Ireland and empress of India, has passed the seventy-eighth anniversary of her birth and on June 23 will celebrate the sixtieth anniversary of her coronation, making the longest reign in English history for more than a thousand years, or from the time of Egbert, A. D. 828.

DEAL DIRECTLY WITH ROADS.

Newly Organized Milwaukee Freight Bureau Will Adopt New Tactics.

The decision of the United States supreme court handed down in the case brought by the Chicago and Cincinnati freight bureau against southern railroads to compel the latter to equalize rates, is considered of great importance to shipping interests. The decision wipes out the case brought by the Milwaukee chamber of commerce against various roads in the northwest to compel those roads to adjust and equalize grain rates from certain western points, so that Milwaukee would not be discriminated against by the rates given by the same roads to Minneapolis and Duluth. Now the matter stands exactly as though no case had ever been brought, and if anything further is done by the grain shipping interests of Milwaukee to secure an equalization of rates the matter will have to be taken up with the railroads, instead of with the commission or with the courts. The newly organized Milwaukee freight bureau will now take up the whole matter upon a new basis and will strive to accomplish by dealing directly with the roads what it has failed to accomplish through legal channels.

HARVEY CLARK IS TO WED

Monroe Man Will be Married to Miss Hiseock on June 9.

The numerous Janesville friends of District Attorney Harvey Clark, of Monroe, are no more in doubt as to the cause of his numerous visits to this city during the past few months. Mr. Clark came here on his way to Madison where on June 9 he will be married to Miss Ella Hiseock who has been an efficient teacher in the Madison schools for some time. Mr. Clark graduated from the university with the class of '93 and from the college of law in '95. After graduation he settled in Monroe to practice and last fall he was elected district attorney of Green county. He is a member of the Delta Tau Delta fraternity of the university.

TO MEET AT MILWAUKEE NEXT

Wisconsin Hardware Association's Session Held at Fond du Lac.

A meeting of the executive committee of the Wisconsin hardware association was held in Fond du Lac yesterday. The following were present: A. Noll, vice president, Chilton; C. A. Peck, secretary, Berlin; W. H. Hay, treasurer, Oakshosh, and A. H. Sheldon, Janesville, C. E. Dewey, Kenosha, and D. W. Ramsey, Madison, the other members of the executive committee, were unable to attend. It was decided to hold the semi-annual meeting of the association in Milwaukee July 30. Mr. Peck, secretary of the association, stated that it had a present membership of seventy.

CRITICIZE MADISON WOODMEN

Local Members Say They Go to the Wrong Picnic.

Local members of the Modern Woodmen are not pleased over the action taken by their Madison brethren in planning to attend the big picnic at Dubuque on June 3. The Capital City expects to send a delegation of at least a thousand, and the local Woodmen think that these people should go to De Kalb. As Madison had the picnic two years ago, they think that as long as the capital is in the same district as De Kalb, the Modern Woodmen should show the Illinois town the same courtesy that was extended to them two years ago.

PROF. BURTON IN CHARGE

Will Conduct the Normal School At Freeport This Summer.

Prof. R. W. Burton, formerly superintendent of the Janesville schools, will have entire charge of a summer normal school to be held this summer in Freeport, Ill., for four weeks beginning with July 19. Prof. Burton is working earnestly to elevate the schools of Stephenson county and is doing all in his power to aid the teachers to thoroughly fit themselves for their chosen profession.

Grow Old Gracefully.

Few people do so. They eat much and exercise but little. The ashes of food combustion clog the system. They take on unhealthy fat grow podgy and wrinkled, while the skin loses its fine texture and elasticity.

WHY WE USE ELECTRICITY.

When the mineral and vegetable kingdoms are so bountifully supplied with remedial agents, why rely so much on electricity? As well it may be asked, why the telegrapher uses electricity to send messages? It is true there are old fashioned ways of sending despatches, though far too slow and uncertain for our times. So there are many methods of treating disease, though tardy and ill-adapted to the ailments of today. The fact is, the treatment of disease by electricity is as much superior to the drug system in reliability and dispatch as the electro-telegraph is in speed to the pony express.

Why do we use electricity? Because its power is certain and its results are sure. Because it stands out today as the very greatest agent in medical science and that which must be used by every intelligent physician if his efforts are to bring about the speedy restoration to health of his patients instead of bleeding their pockets.

THIS DAY IN HISTORY

- 735—The Venerable Bede, first Anglo-Saxon historian, died; born 672.
1703—Samuel Pepys, whose diary of common life in England is noted, died. The reputation of this gentleman, gossip and scholar rests upon his memoirs, a diary running from 1660 to 1689. It was published in 1825.
1840—Admiral William Sidney Smith, a noted British officer in the wars with Napoleon, called the hero of St. Jeanne d'Arc, died; born 1764.
1862—Henry Thomas Buckle, eminent British historian, died at Damascus; born 1801.
1891—Rear Admiral Samuel Powhatan Carter, U. S. N., retired, died in Washington; born in Tennessee 1819. The admiral obtained note as a Federal general in the civil war.
1892—The greatest flood ever known on the Mississippi reached its highest point; loss of property from Kansas City to New Orleans at least \$30,000,000; many lives lost.
1896—Czar Nicholas II crowned at Moscow.

GETTING THE BILL IN SHAPE.

It is pretty hard to get lawmakers to agree about the tariff bill and the fact that the republican senators now seem disposed to push it through is encouraging. The bill as it stands is better calculated to increase revenues than was the Dingley bill although it has its share of defects which are perhaps inevitable. The sugar schedule is far from satisfactory, but the wishes of the sugar planters will have much weight in this connection, and several changes not particularly agreeable to the trust but productive of a considerable increase of revenue are probable. Changes are also promised in the hides schedule, which will prove popular in every shoe manufacturing center in the country and which will hardly effect cattle raisers in an unfavorable way. All in all the bill bids fair to be a thoroughly logical and coherent measure when it is finally brought forward for passage. The difference it will make in the condition of the country may be inferred from the improvement resulting even from the prospect of its passage during the last three months.

Second ward aldermen have made up their minds that it takes less time to patch bad sidewalks than it does to notify owners. Alderman Wilkey in the Third ward gets at the same thing in a slightly different way. Whatever the plan, the work deserves all possible encouragement.

The Wisconsin Telephone Company has made money by being liberal with its Janesville customers, and its increase in facilities has brought large returns. The lesson is one that applies fairly well to any corporation.

With Janesville compelled by the court to pay big judgments for defective streets, and Beloit prevented by law from having anything but defective streets it is hard to define the logic of the situation.

The prompt and vigorous denials made by the war department in H. D. McKinney's case made the prompt and vigorous denials that were not made in General Doc's case seem rather conspicuous.

The special session of the legislature is expected to show how many things that are fenced off from the street can be reached by coming up from behind.

The willingness of tramps to take long odds when out after "beer money" was exemplified in the Buob burglary.

About Laces.

The laces that are so largely used today for trimming you will want at the lowest prices and of the best quality. We are showing hundreds of pieces of all kinds of new and popular designs and styles of laces in white cream, etc., from 2 cents to \$2.00 a yard. They are of exceptional value and we guarantee them to be cheaper in price than other stores in the city would wrap them up for. We make an especially strong point of laces from 9 to 47 cents per yard. They are the popular prices and are the goods that usually are bought for every day uses, therefore, we have made an exceptional effort to have a stock from which a selection can be made with comparative ease. If you are in need of a few yards of laces no matter what the kind or prices from the narrow valences to the fine netted tops do not fail to talk with us. We will save you money. Bort, Bailey & Co.

CATARRH OF THE STOMACH.

A Pleasant, Simple, But Safe and Effective Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston the safest and best treatment is to use after each meal a tablet, composed of Dipsasia, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Bocher, of 2710 Dearborn St., Chicago, Ill., writes: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poison one discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book, mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

A SUIT IS BEGUN BY ANDREW MEAD

CHICAGO & NORTHWESTERN
ROAD IS DEFENDANT.

Plaintiff Seeks to Recover \$5,000 Damages For Injuries Received While In the Company's Employ—Stick of Cordwood Crushed His Skull—Ward Case Still Unfinished.

Because he was accidentally struck on the head with a large piece of cordwood while in the company's employ, Andrew M. Mead now asks \$5,000 damages from the Chicago & Northwestern railroad company. The company will fight the case at this time of the circuit court claiming that it was all the plaintiff's own fault that he was hurt.

Mead, at the time of the accident was a resident of this city and was employed as switchman for the company. While performing his daily duties, he, with others, boarded the switch engine last fall and made the run over to the Spoon elevator on North River street near Mineral Point avenue. The crew found, it is said, that an empty car standing on the side track was in their way, and in order to push it farther down the track the services of the switch engine were brought into use. Mead, it is said, then took a large piece of maple cordwood that was lying near a coal shed, and bracing it against the car ordered the engineer to back against it. The piece of wood held in position for a brief period, and then suddenly gave way. The stick flew through the air and with violent force, struck Mead upon the head, crushing his skull and injuring his back. The plaintiff claims that his health has not been restored and that he has frequent pains and endures much suffering. He is now visiting relatives near Fond Du Lac, and hopes to be able to attend the trial.

The case of ward against the O. M. & St. P. Company is still on trial in the circuit court.

ODD FELLOWS GIVING UP

Milwaukee Papers Tell About The Fight At That Place.

If the Milwaukee papers can be relied upon, the Janesville Odd Fellows' may have to fight the Life Insurance company single handed. The Sentinel says: "A meeting of members of the Odd Fellows' Mutual Life Insurance company who have refused to pay assessments will be held in a few days, when it will be suggested that the plan to contest in the courts the payment of assessments be abandoned. The action will be based on the advice of attorneys who have made a careful examination of the claims against delinquent members and the law bearing on the case, and who have decided, it is said, that the delinquents have no grounds for defense."

"A. G. Weissert has been retained by members refusing to pay these assessments and under stipulation was to have filed the answer to the suits on Monday. The answer has not been filed. Col. Weissert could not be seen last night and it is not known whether or not he will agree with other attorneys that the defendant have no ground on which to successfully contest payment of the assessments."

Got One Judgment.

"One hundred or more suits have been started out of a total of about 7,000 that are to be begun against delinquents unless they settle up the claims against them. The total amount involved in the cases is about \$100,000."

"Judgment was obtained by the receiver of the Wisconsin Odd Fellows' Mutual Life Insurance company against Joseph J. Reiland for \$19, representing the amount of the assessments which he refused to pay on the ground that he was no longer a member of the company. This is the first judgment that has been entered up against a "dropped member" of the company. Reiland became a member of the insurance company in 1895, and the assessments which he was called upon to pay were made against him for the months of June, July, and August, 1896."

MRS. ST. JOHN GETS \$25,000

Jury Decides in Her Favor in the Chicago Courts.

Mrs. Susan St. John, the New York portrait painter, was yesterday awarded \$25,000 damages against the North Chicago Street Railway company. In 1895 she was visiting in Chicago, and August 30, while dismounting from a North State street electric car, the motorman started the car before she had reached the ground, and she was thrown to the stone curbing. She claimed her injuries unfitted her for doing any further good with her brush. Mrs. St. John is a sister-in-law of Dr. J. W. St. John, and is well known here.

THE SEED CORN IS SPOILED.

The Farmers Suffer Severely Because Of The Frosts.

Farmers about the country are suffering severely through the failure of their seed corn. Most of the corn saved for seed last fall was gathered after the heavy frost which came suddenly and without warning. The corn which was gathered before the frost has come up all right but there is so little of it that many farmers are left with barren fields or have been obliged to rush the work of getting in a second planting. Farmers who have 1895 corn that is fit for seed are finding ready sale for it at a dollar a bushel.

GO TO THE PICNIC ON SPECIAL TRAIN

LOCAL WOODMEN PERFECT ARRANGEMENTS.

Cheap Rate Has Been Made, and the Imperial Band will Head the Bower City Delegation—Probably 500 People will Attend—To Decorate Graves on Memorial Day.

While music fills the air, and with banners flying, members of the local camp of Modern Woodmen, will visit De Kalb next month. No expense will be spared in making their entry into the Illinois town notable. Seventy-five Woodmen attended a meeting in Woodmen's hall last evening, for the purpose of perfecting plans for the coming picnic. Venerable Consul C. W. Brooks called the meeting to order, and no time was lost in completing all necessary plans. The Imperial band will be engaged to accompany the local delegation and will lead the Janesville men in parade. A special train will carry those from this city who wish to attend and a low fare of \$1.50 for the round trip will be obtained—which will make the price but about one cent a mile. It is expected that a delegation numbering at least five hundred will go from this city.

At last evening's meeting, arrangements were also perfected for the decorating of Woodmen's graves on Decoration day. Although this custom is now universal throughout the country, it will be adopted in this city on next Monday for the first time. Seven members of the Woodmen lodge are now buried in this city, five having been interred within the past year. The committee appointed last evening on floral decorations were: H. J. Marsden, H. B. Walker and J. L. Harper.

HOME TALENT DID THE WORK.

Police Have Clues to Perpetrators of Recent Robberies.

The petty thieving that has been going on in this city during the past three weeks is the work of home talent, the police think. Several clues are now being followed, and there are good reasons to believe that the guilty parties will soon be apprehended.

ROY C. VALLEAU, a miller in the employ of Norcross & Doty, was arrested by Officer Appleby yesterday afternoon on the charge of stealing a coil of copper wire worth about \$20. The wire was offered for sale at a junk shop, but the dealer was suspicious, and Valleau's arrest followed. Valleau has worked for Norcross & Doty for five years. Mr. Valleau was released from custody today, and no proceedings were commenced against him, the trouble having been satisfactorily adjusted.

BEN KUTSCHILD, the cigar maker who was charged with stealing \$14 and a silver watch from J. N. Norton at the Ottoman House several weeks ago, was tried yesterday in the municipal court, the jury finding him "not guilty."

STEIN IS SENT TO WAUPUN.

Will Serve Not Less Than One Year, Nor More Than Five.

Frank Stein, who was arrested by Sheriff Acheson in a local second hand store while disposing of a lot of stolen jewelry, has been sentenced by Judge Richter of Fond du Lac, under the provision made in chapter 390 of the laws of 1889.

The judge, in the sentence, said: "You are sentenced to hard labor in the state prison at Waupun, for a general term of not less than one year, nor more than five, depending upon your conduct and the evidences of your probable reformation. Your sentence will begin at 12 o'clock noon of this day, with solitary confinement for one day at the commencement of your term of imprisonment."

PLEASANT RECEPTION GIVEN.

Mrs. Malcolm G. Jeffris Entertains Friend, This Afternoon.

A charming reception was given this afternoon by Mrs. M. G. Jeffris at her home on South Main street. Potted plants and cut flowers were used in beautifying the rooms. The hostess was assisted in receiving by Mesdames S. U. Pinney and W. L. Buck of Madison and R. H. Roys of Saginaw, Michigan. Those who assisted in serving refreshments were: Misses Mae Valentine, Josephine Carle, Alice Ruger, Mae Stevens, Janet Rowe, Elizabeth Norcross, Grace Brownell and Louise Crocy.

TWO CENTENARIANS HERE

Mr. and Mrs. Brown Each Over 100 Years of Age.

Mr. and Mrs. Sidney Brown, whose combined ages are 304 years were at the St. Paul depot this morning. Neither of them looked as if they had spent a century on earth but the woman said she was 100 years old while her husband was 104. The woman could walk but her husband had to be carried on a stretcher. They were in charge of relatives and were on their way to Shullsburg from Nebraska.

HYZER CAUGHT A BIG FISH.

Secretary of the Water Company Surprises the Professional Anglers.

E. M. Hyzer, secretary of the Janesville Water Company, caught an eight pound pickerel while fishing at Monterey this morning. The big fish made a game fight, but Mr. Hyzer handled him with skill that commanded the admiration of all the fishermen present. The big fish was caught on a nine ounce fly rod, and light bass tackle.

THE VALLEY OF THE SHADOW.

Thomas W. Whelan.

Thomas W. Whelan died at 4:50 o'clock yesterday afternoon, of consumption, aged twenty summers. Mr. Whelan was the only son of a widowed mother, Mrs. Sarah Whelan, with whom he and his two sisters resided at 253 South Academy street. He had been ill with consumption for some time past but had borne his sufferings patiently and without complaint. He was a young man of character and his death will be widely mourned. Besides his mother, he leaves three sisters, they being Misses Lizzie and Agnes, of this city, and Miss Mamie of Kankakee.

The funeral will be held tomorrow morning, from St. Patrick's church, at 10 o'clock, the interment to be in Mount Olivet cemetery.

THE PRICE OF LOTS HAS BEEN REDUCED

OAK HILL CEMETERY ASSOCIATION TAKES ACTION.

For the Accommodation of People in Moderate Circumstances They Have Opened Up a New Addition, and Fixed the Price at \$15—New Settees and Water Pipes Ordered.

In order to meet the requirements of the poorer class of people the price of the cheapest burial lots in Oak Hill cemetery was today reduced from \$25 to \$15. To carry out this plan a piece of ground was platted on the west side of the cemetery. The piece contains twenty four lots of the regular size.

President Volney Atwood and the trustees of the Oak Hill Cemetery Association made their annual inspection of the grounds this morning. Those who met were President Volney Atwood, W. T. Vankirk, W. F. Carle, Dr. W. H. Judd, C. B. Conrad, I. C. Brownell, Hon. James Sutherland, Dr. E. E. Loomis and Alderman S. O. Burham. The most important question that they had to consider, was the providing of cheaper lots. Heretofore the cheapest lots have sold for \$25 and the trustees deemed it best to lower this price as above stated.

Other business was also transacted. Twenty-four new iron settees and twenty-four new iron hitching posts were ordered, to be placed in different portions of the grounds, while several extensions of the water pipes will be made before many days. The grounds are now in as good a condition as they have been in years, and evidences of the work of the sexton, Robert W. Scott, may be seen on every hand.

South Dakota in Springtime
Is clothed with verdure green and spotted with beautiful blue and white prairie flowers tokens of luxuriant soil like that fair country to which Moses led the children of Israel in ancient times.

And like unto that land of plenty, South Dakota outvalues its sister states of the east in the products of its soil, sown, cultivated and harvested in less time and with greater ease than in any other portion of the United States.

And so we say unto you that now is the opportunity of a lifetime to "Go west and buy a farm." For descriptive lists and prices, address Geo. H. Heafford, G. P. A., Chicago, Ill.

Don't thin your blood with sassafras or poison it with blue-mass; but aid nature by using DeWitt's Little Early Risers, the famous little pills for constipation, biliousness and stomach and liver troubles. They are purely vegetable. C. D. Stevens.

The Hot Springs
located in the Black Hills of South Dakota have wonderful medicinal properties for the cure of rheumatism, neuralgia, and kindred ailments, and should be investigated by all suffering from such troubles. First class hotel accommodations and baths. Tourist tickets on sale daily and especially low rates on the first and third Tuesdays of each month. Full information furnished on application to ticket agents C. & N. W. R'y.

Special Train Via C. & N. W. R'y.

Opportunity For Home-Seekers.
There are excellent opportunities along the line of the Chicago & Northwestern R'y in Western Minnesota and South Dakota for those who are desirous of obtaining first class lands upon most favorable terms for general agricultural purposes, as well as stock raising and dairying. For particulars and landseekers' rates, apply to agents of the Northwestern line.

Terrible accident.—It is a terrible accident to be burned or scalded; but the pain and agony and frightful disfigurements can be quickly overcome without leaving a scar by using De Witt's Witch Hazel Salve. C. D. Stevens.

If the Baby Is Cutting Teeth
Be sure and use that old and well tried remedy Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

A New Classification.
"Now, sir," said the professor of medicine, "you may tell me to what class of maladies insomnia belongs."
"Why-er," replied the medical student, "it's a contagious disease."
"I never heard it so described. Where did you learn of this?"
"From experience. Whenever my neighbor's dog can't sleep, I'm just as wakeful as he is."—Tit-Bits.

Point Not Well Taken.
She—John, you are a perfect bear about the house!
He—Maria, that assertion won't stand the test of science a single moment. A bear sleeps all winter. He doesn't have to get out of bed before daylight every morning to stir up the fire and call the hired girl. Try some other metaphor, Maria.—Chicago Tribune.

The True Test.
Bees—You could hardly call her a social success.
Jess—Why, she seems to have plenty of admirers.
Bees—Oh, yes, if you look at it that way, but I don't believe she's on friendly terms with a single man she ever rejected.—Chicago Journal.

GIVES STRENGTH TO MEN

Free To All Who Are Weak And Worn

A METHOD TO CURE AND INCREASE THE POWER.

It is a remarkable fact that a man never appreciates the sufferings of others until he himself has passed through the fire of pain or remorse. Then it is that he looks around for those who are suffering, he tries to help them by his experience; he gives his time and money gladly for the

benefit of others and never tires of his zeal. There are plenty of men weak and worn out, struggling with remorse and fear, the natural outcome of habits that brought incapacity; a sense of loneliness and a feeling as if the best side of life had been banished forever. Such men should write to Thomas Slater, Box 434, Kalamazoo, Mich. He will send free by mail, in a plain, sealed envelope, full particulars about the method he used, and this will enable any man to get a complete cure at home. It is the method that Mr. Slater used to cure himself of the troubles that sap the strength and vigor and also enlarged his organs to natural size. The cure was complete, so satisfying and such a wonderful change from his former condition that he will gladly tell others all about it, sending all particulars. He figures that he doesn't know of a better way to show his appreciation of his own cure and sufferings of others. There must be generous men in this world to set the tide of avarice. Write to Mr. Slater—it will cost nothing for his description and method.

Collars and Cuffs—A Word to the Wise.
May Become National—Men in Women's
Clubs—The Shirt Waist—Seasonable
Fads and Fashions.

The Woman's Christian Temperance union of India has just held a most successful convention in Puna. The energetic president, Mrs. Mary R. Phillips of Calcutta, presided, and delegates from 11 different organizations of the Woman's Christian Temperance union were present. Pandita Ramabai of Puna addressed the convention on the needs of her countrywomen and rejoined the hearts of the White Ribboners by saying at the close of her remarks that, although she had hitherto refrained from throwing herself fully into the Woman's Christian Temperance union work for want of time, she was now resolved to take it up. She was made national superintendent of native work.

Pandita Ramabai is recognized in her own country as the greatest Hindoo woman that has lived. She is the daughter of a Marathi priest and can trace her Brahmin ancestry a thousand years. Her father, having resolved, in defiance of the laws of custom and conventionality, to educate his wife, retired to a forest home to carry out his ideas

style in convenience at least, since it is much easier to slip the tie in place. Collars suitable for shirt waists of silk, which, by the way, to be strictly up to date, must have high crushed bands at the neck, are dainty little strips of muslin or fine linen, hem-stitched and edged with delicate ruffles of lace. The cuffs are to match, and the sets are to be had not only in white, but in cardinal, navy blue, black and all the delicate tints.—Boston Advertiser.

A Word to the Wise.

More and more often lately in club papers and speeches is the note of conservatism sounded, and more and more frankly are women saying "No" to plans of fresh organization. In other ways, too, the hint of reaction in the splendid spirit woman has taken is obvious. She is willing to listen nowadays, in the gospel of progress to which she diligently hearkens, to an occasional sermon on the text, "Make haste slowly."

But the heaven has by no means spread as far as it should. There is still a tendency to belong to too many clubs, to learn everything from political economy to clear starching, to be philanthropic, educational, literary, social, artistic, reformatory and a capable daughter, wife and house mother, all in one frail 5 feet 7 of feminine humanity. The sin of today among women is not idleness certainly, rather the other extreme—overzeal.

From Boston it is reported that some women have started a club to encourage simple living, a measure that is hardly to be commended. Organization at this point should rather be shunned than promoted. It is purely a case for the individual. Every woman should cultivate for herself the art of selection, which is to be accomplished as the Bible tells us our salvation is—worked out by each one alone. It is a matter of personal environment, opportunity, needs and the thousand and one ramifications.

When the estimate of the energy that may be expended is made and the best outlet for it found, it should be resolutely adhered to. The real moment of trial comes when one is tempted to add a little here and a little there. But one should stand firm. It is easy in these days to dissipate one's emotions and enthusiasms under the most laudable auspices. Clubwomen especially feel this strain, and are led perhaps into too many organizations. The splendid practical results which stand to their credit show the power they are—a power that can be conserved and preserved to immeasurably greater results if only guided with wisdom and economy.—Harper's Bazar.

May Become National.

It is possible that the New York Association of Sewing Schools may become a national organization. The organization has made no movement yet, but the request has been made and the association is growing so rapidly that it is possible that action in the matter will soon be taken.

It has had a most remarkable growth since its organization in 1893. In its report for 1897 there are 89 schools on the membership list. What this means may be understood when it is realized that eight of these so called schools are really public school systems of such cities as Philadelphia, Baltimore, Washington, New Haven and of course New York. Since that report was published 20 more schools have joined, and the list of applicants is constantly being added to. The Hawaiian schools are asking for admission, and among the interesting schools that have recently joined the association is the Haddenfield Training School for the Weak Minded. Two Roman Catholic schools have also recently been added to the lists, the first of that church. The association is not sectarian and now includes almost all religious denominations except the Universalist, which, by chance, is not represented. Buffalo, Baltimore and Washington will about bound the range within which the work has been extended so far.

The object of the association is to act as a center of information for sewing schools and to bring together various organizations, that they may compare experiences and exchange ideas. Teachers' classes in sewing have been formed and lectures have been given, and interest has been widespread. Of the exhibitions given, none has been on as elaborate a scale as the one this year. Teachers came from different parts of the country to attend it, and telegraphed home to have their leave of absence extended that they might have a longer opportunity to study the different lines of work exhibited. A superintendent of a New Jersey school came over to stay a few hours, and spent the day, and came back the next day, bringing all his teachers with him.—New York Letter.

Men in Women's Clubs.

The masculine pulse will quicken a little at the bare suggestion from retiring President Ball that it will be an excellent plan to admit men to all the privileges of membership in the Woman's club "except voting." We say boldly and feelingly that we should consider an election to the Chicago Woman's club the highest possible gift in the power of our fellow citizens, and we consider that such election would result in an increased chest expansion of at least four inches. We do not know what all the privileges "except voting" are, but we presume they include risings to points of order, notions to adjourn, communion with the samovar

and the payment of bills. Of course this looks a little like taxation without representation, but what is sauce for the goose is sauce for the gander, and if the ladies choose to give us a dose of our own medicine nobody ought to complain. We trust that Mrs. Ball's excellent suggestion will prevail, but we hope that there will be no unseemly scramble among the men for the coveted honor of election.

Every man in Chicago may fondly hope that eventually his name will be enrolled in the records of this glorious organization, but the distinction should come unsolicited though not undesired, nor unprayed for. If it is impracticable to carry out the full intent of Mrs. Ball's suggestion immediately, it might be possible to establish a masculine annex, a sort of fitting school for glories to come; for unhappily there are many men who do not like tea, and until they conquer this unladylike aversion they would be sadly out of place in the Woman's club, the members of which are unlike the "great Anna whom three realms obey," who "sometimes counsel takes and sometimes tea," inasmuch as they sometimes counsel take and always tea. We believe that a preparatory annex is necessary.—Chicago Post.

An Interesting Club.

The Woman's club of central Kentucky is one of those interesting department clubs. There are six departments, which cover art, philanthropy and public interest, current events, home and education, literature and music. The headquarters of the club are at Lexington. Once a month an open meeting of the whole club, in charge of one of the departments, is held, and once a year, the first Saturday in April, there is county members' day, when the programme is in charge of members from the neighboring counties. Mrs. Ida Withers Harrison is the president.

The first use that is to be made of the \$2,000,000 donated by the Baroness de Hirsch for the relief of the Russian Jews in America is to be the establishment of a home for working girls. It will be called the Clara de Hirsch home.

Don't take too much spring medicine. Its tendency is to thin the blood, and some women make themselves positively anemic by its injurious use. Proper diet is more important than medicine.

A doctor says that probably half the deafness prevalent at the present time is the result of children having their ears boxed.

Word comes from Paris that the correct thing is to decorate the coiffure with black ostrich feathers for evening dress.

Manual training for girls is to be introduced in the public schools of Chicago.

Protect the System From Malaria. It is possible to do this even in regions of country where miasma is most rife, and where the periodic fevers which it causes assume their most formidable types. The immense popularity of Hostetter's Stomach Bitters is very largely attributable to the fact of its efficacy as a remedy for chills and fever, bilious remittents, and as a preventive of the various forms of malarial disease. In those portions of the west and south where complaints of this nature prevail, and in the tropics, it is particularly esteemed for the protective influence which it exerts, and it has been very widely adopted as a substitute for the dangerous and comparatively inefficient alkaloid, sulphate of quinine. Physicians have not been slow to concede its merits, and the emphatic professional endorsements which it has received have added to the reputation it has obtained at home and abroad.

Corrected.

"Ah, capital!" the D. D. said, "Then seized his pocket chronicle; 'A good text for a sermon? Yes. I'll make a minute of it, sir.' Hereat the layman sprang a thought that did his caution overpower. As he replied: 'A minute, eh? I'll bet my hat you'll make an hour.'—Boston Courier

The Westfield (Ind.) News prints the following in regard to an old resident of that place: "Frank McAvoy, for many in the employ of the L. N. & C. Ry. here, says: 'I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy for ten years or longer—am never without it in my family. I consider it the best remedy of the kind manufactured. I take pleasure in recommending it.' It is a specific for all bowel disorders. For sale at C. D. Stevens' pharmacy, corner Main and Milwaukee.

The Best Remedy for Rheumatism.

From the Parthenon (N. Y.) Register. Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. The 25 and 50 cent for sale at C. D. Stevens, pharmacy, Cor. Main and Milwaukee.

It is the Best on Earth.

That is what Edwards & Parker, merchants of Plains, Ga., say of Chamberlain's Pain Balm for rheumatism, lame back, deep seated and muscular pains. Sold at C. D. Stevens' pharmacy, corner Main and Milwaukee.

Relief in Six Hours.

Distressing Kidney and Bladder diseases relieved in six hours by "NEW GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is the remedy. Sold by E. B. Heinemann, Druggist, Janesville, Wis.

A SIMPLE TIRE REPAIR.

Punctures in the well known Morgan & Wright tire are mended about as easily as a man would close a hole in his finger with a bit of court plaster. Inside of the inner tube of the tire lies a long strip of patching rubber, like this:

By injecting M. & W. quick-repair cement through the puncture into this inner tube, and then pressing down on the tire with the thumb, like this,

the repair strip inside is picked up by the cement, thus closing the puncture, like this:

Very simple, but—now every rider should remember these two "buts," or he will fail:

Before injecting cement, pump up the tire. If you don't, the inner tube will be flabby, like this,

and the cement will not get inside of it, where the repair strip lies.

When you have a puncture, get right off. Riding a tire flat, when it has a tack or nail in it, may damage it considerably.

Rock County Fruit.

Avoid disappointment in small fruit raising by taking varieties grown in soil and climate similar to your own. Illinois, Michigan and New York varieties seldom give the best results here for the first two seasons. Try stock grown in Rock County.
